WOWs!

Some summer 'wow' moments in Wednesbury include...

Trips and days out, including a trip to the seaside.

Learning new skills such as archery and fencing

Children from different schools coming together and making new friends

Lasting friendships at Friar Park!

Making HAF happen in Wednesbury.

We here at the Friar Park Millennium Centre look forward to delivering holiday activities during the holidays. The project is run by a qualified teacher, sports coach, play workers and volunteers all staff and volunteers are DBS checked.

We have around 70 to 80 children attend each session enjoying healthy range of different foods and joining in all the different activities including sports, arts and crafts, outdoor activities, and hands-on learning through play.

The children enjoy making new lasting friendships, having a safe space to play and learning new skills.

Parents are amazed by the amount of rooms we have and use during HAF. There so many activities going on in different rooms and the children look forward to having a party at the end of each term.

HAF gives the children and young people the opportunity to experience new things on and offsite. The children and young people say how much they enjoy coming and are sad when the project ends. We also offer breakfast and lunch to all attendees with all dietary needs considered.

Thanks to the Holiday Activities project we were able to give the children these experiences.

Friar Park will be running activities as part of the Winter 22 programme for children aged 5-16 years.
