

# SCS VISION Sep24 onwards.....

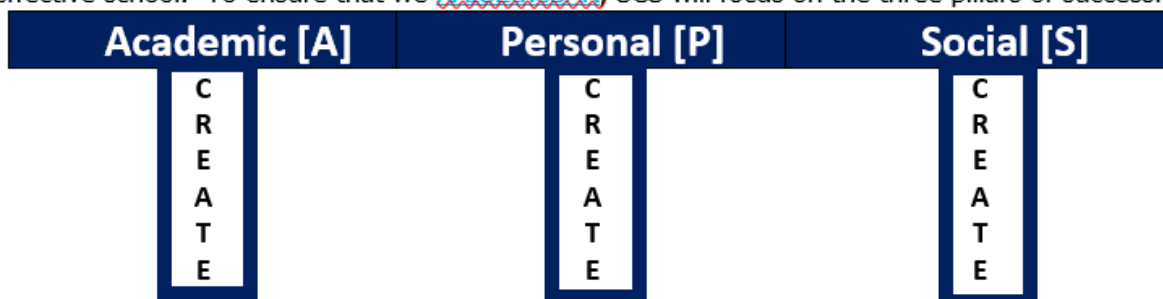

At SCS our vision is simple .....

## CREATE Excellence together @ Sandwell Community School

The key to re-creating at Sandwell Community School is to focus on the following essential elements.....

- C**ore skills to maximise achievement
- R**espect everyone's unique contribution positively and safely
- E**nterprising to solve problems
- A**pply learning to new challenges
- T**hinking skills to prepare for the future
- E**motional intelligence to reach potential

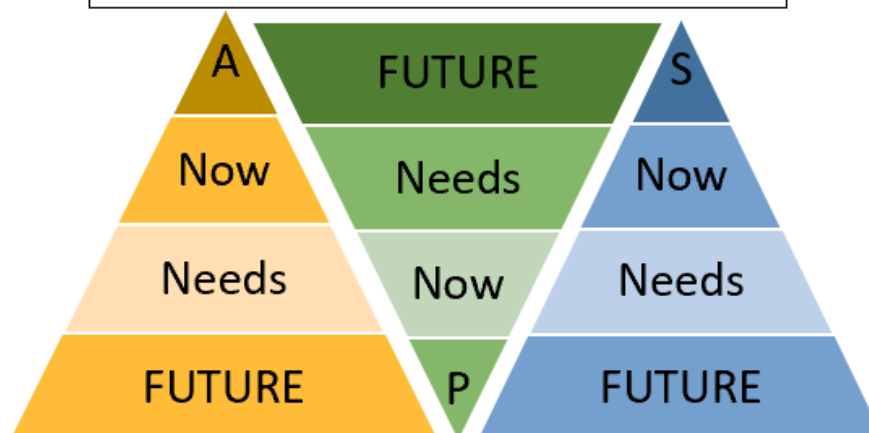

These essential elements will be integral to developments and will ensure that we are seen by all partners as an effective school. To ensure that we RAISE the BAR, SCS will focus on the three pillars of success.....

Together we can CREATE EXCELLENCE TOGETHER. We will ALL strive to do the simple things to the highest standards and focus on re-CREATING futures. We believe that by changing hearts and minds EVERY1canCREATE. To enable SCS2SHINE, we have now established a learner entitlement.

**LEARNER ENTITLEMENT for every student:**

SCS will get to know A+P+S	→	NOW.....
SCS will identify student A+S+P	→	<u>NEEDS..</u>
SCS will <u>maximise</u> A+S+P for their	→	FUTURE

Once we have secured this we will share excellence in meeting the needs of Sandwell's young people. We will provide the blueprint for partners with confidence for future growth. SCS will CREATE EXCELLENCE to improve the life chances of our local and wider communities.

Together we can **CREATE EXCELLENCE**
